NOTES AND COMMENTS

Lists consist of named individuals – physicians, surgeons, academics and researchers – working in all areas of medicine and science worldwide.

They can be supplied for either postal or email campaigns. Different rental rates apply for each. Lists are continuously updated and clients are offered a credit on any “Returns” / “Gone-aways” received.

Can't see the list you need? We may still be able to help by selecting individuals with a stated interest in the field you wish to target.

MEDLIST INTERNATIONAL

The best source of mailing lists in all areas of Biology, Medicine, Science and Technology
