NOTES AND COMMENTS

## 2012 List Information and Rates

Lists consist of named individuals – physicians, surgeons, academics and researchers – working in all areas of medicine and science worldwide.

They can be supplied for either postal or email campaigns. Different rental rates apply for each. Lists are continuously updated and clients are offered a credit on any “Returns” / “Gone-aways” received.

Can't see the list you need? We may still be able to help by selecting individuals with a stated interest in the field you wish to target.
